

The Fat Angel

Donovan

He will bring happiness in a pipe
He'll ride away on his silver bike
And apart from that he'll be so kind
In consenting to blow your mindFly Translove Airways
Get you there on time
Fly Translove Airways
Get you there on timeHe will bring orchids for my lady
The perfume will be of an excellent style
And apart from that he'll be so kind
In consenting to blow your mindFly Translove Airways
Get you there on time
Fly Translove Airways
Get you there on timeHe will bring happiness in the pipe
He'll ride away on his silver bike
And apart from that he'll be so kind
In consenting to blow your mindFly Jefferson Airplane
Get you there on time
Fly Jefferson Airplane
Get you there on time
Guess, guessHe will bring happiness in a pipe
He'll ride away on his silver bike
And apart from that he'll be so kind
In consenting to blow your mindFly Translove Airways
Get you there on time
Fly Translove Airways
Get you there on timeWe'll be flying at an altitude
Of thirty-nine thousand feet
Captain High at your service
