

User of Poison

Raise Hell

The rush in the body from the venomous drink

Makes you dizzy and makes it hard to think

User of poison, user of poisonAll these venomous drinks turns you on

Cause it makes you feel like

You are the world dominator

The supreme creator

But not for longYou feel nothing when you hit the floor

You might as well wake up in the home of a whore

User of poison, user of poisonAll these venomous drinks turns you on

Cause it makes you feel like

You are the world dominator

The supreme creator

But not for longUser Of PoisonAfraid of nothing when you enter the hall

Cause you know from before that you always stand tall

User of poison, user of poisonAll these venomous drinks turns you on

Cause it makes you feel like

You are the world dominator

The supreme creator

But not for long
