

Don't Do It

Syl Johnson

This is the greatest show on earth
What's understood ain't gotta be simple
Don't let 'em down
Haha, I see you Zipo, I got you, homie
No mo' Jose, no mo' Rose'
They locked my dog up and that ain't rozay
All he wanted was the fame, make it last forever
You get some one's, I get some one's, we make it rain together
I'm talkin' quabo dreams, Cristal fetishes
Smokin' everyday, just to keep ya sanity
Just me and my nigga like, "What up, doe?"
Still partyin', the club closed an hour ago
I guess the back to back Lambo's a thing of the past
We use to talk on a chirp, now we talkin' through glass
Just like the glass, I know he see's right through me
Transparent, I can't hide my window pain
I'm thinkin' what to say to make him have a betta day
I'm walkin' down this lil' hallway like what the fuck I'm gon' say
As I'm walkin' down the halls I feel the stress in the walls
I need to lighten up, man, this shit is to tense
Feels like I need tums, my heart aches so bad
But when he see's my face, he's gonna be so glad
Then I look into his eyes, swear to God I seen his soul
Tell me what can make a hot boy stare so cold
As I looked a lil' deeper, I saw a lil' hope
And then he cracked a smile, he still got his pride
Keep doin' what you doin', hold us real niggaz down
No matter what you do, don't let us real niggaz down
Jeezy, don't do it
Don't you let 'em down, Young Jeezy

Don't you let 'em down, Young Jeezy
No, no, no, no, no, Jeezy, don't do it
I done been through so much, real life done lost touch
Inhale so much yayo I lost my sense of smell
(Haha)
And I don't mean that literally but I mean this literally
These niggaz actors, me, I'm a factor
Known for movin' big money shit, at least a tractor

No brakes, no tires, I'ma ride for these streets
Yeah, until the wheels fall off
It's gon' take more than hate to get my focus off
Can't knock the hustle, still stackin' dead presidents
They say he's on his way out, well that's a reasonable doubt
Ain't no niggaz like the one's I got, friend or foe, politics as usual
I'm feelin' it, still livin' wit regrets
With all these imaginary players you must love me
I told y'all in due time the city is mine
Jeezy, don't do it
Don't you let em down, Young Jeezy
Don't you let em down, Young Jeezy
No, no, no, no, no, no
Jeezy, don't do it
Please, please, please, please
Don't you let em, do it no
Don't you let em, do it no
No, no, no, no, no
Jeezy don't do
Neva, eva, neva, eva, neva, eva
Jeezy don't do it, nah, nah
