

# Fireside

## Arctic Monkeys

I can't explain but I want to try  
There's this image of you and I  
And it goes dancing by in the morning and in the night time  
There's all these secrets that I can't keep  
Like in my heart there's that hotel suite and you lived there so long,  
It's kinda strange now you're gone  
I'm not sure if I should show you what I've found  
Has it gone for good?  
Or is it coming back around?  
Isn't it hard to make up your mind?  
When you're losing and your fuse is fireside  
There's all those places we used to go  
And I suspect you already know  
But that place on memory lane you liked still looks the same  
But something about it's changed  
I'm not sure if I should show you what I've found  
Has it gone for good?  
Or is it coming back around?  
Isn't it hard to make up your mind?  
When you're losing and your fuse is fireside  
And I thought I was yours forever  
Maybe I was mistaken but I just cannot manage to make it through the day  
Without thinking of you lately  
I'm not sure if I should show you what I've found  
Has it gone for good?  
Or is it coming back around?  
Isn't it hard to make up your mind?  
When you're losing and your fuse is fireside
