Take Me Away

Culture Beat

You, there is no one like you and all the things you do
I want to spend my time with you
I hope that I am your type and that we could tonight
Discover what new love is all aboutTrying to close my mind of many folks running me wrong
This case won't leave me alone
We've gone working the wack
Trying to trash my stature we won't goOn a tedious to go pull strings
Turbeo wanna clip my wings
Through swadies purt to play
Rascals running with teeth quecheing needed so can youTake me away
Take me to a place where our love must be alone, oh yeah
Take me away
Take me by the hand and control what is going on, oh yeahNo matter what we may go through you got to understand
That I want you I need you each day
So take me away
Take me to a place where our love must be alone, oh yeahI, I never was too shy
I really don't know why, tonight is gonna be alright
Hey, let's try to get away
This love is here to stay because you make me feel this wayPressure wants to punch my poise
Church stealing my joys
Time strip wanna take my toys
Swindlin' my suppliesThe squeeze but its lacking the breeze
Vics though seek the please
The readings found the gold
The devils taking us overWe can break for mine decay
Bitterness all over my back
Need tension, quenching, can you?
