

# Appreciated

[Rixton](#)

Why don't you wait here while I borrow  
Something you said, that you should follow  
Oh Oh  
If they just stay age til' tomorrow  
Then that's okay  
Hate's only sorrow  
Oh ohCuz it's you, who, takes care of everyone else  
You, need to allow me to help, you  
Oh~Ÿ, appreciated  
Cuz it's you who somehow is always the first,  
to, take care of me at me worst  
You, are appreciatedIt's just today, ay there's tomorrow  
All things will change, hey that's the motto  
Oh ohWhen you're down be down  
When you're up be up  
I will pull you up  
Cuz without a doubt  
The tables turn around, you pick me off the groundCuz it's you, who, takes care of everyone else  
You, need to allow me to help  
You, are appreciated  
'Cause it's you who somehow is always the first,  
to, take care of me at me worst  
You, are appreciatedWoah, oh oh oh oh oh oh oh oh  
Woah, oh oh oh oh oh oh oh oh  
Woah, oh oh oh oh oh oh ohCuz it's you, who, takes care of everyone else  
You, need to allow me to help  
You, are appreciated  
'Cause it's you, who, takes care of everyone else  
You, need to allow me to help  
You, are appreciated'Cause it's you, who, somehow is always the first,  
to, take care of me at my worst  
You, are appreciated
