Nazican

Voodoo Glow Skulls

I can't see why you're so upset
What you see in front of you
You'd wish you could forget the scenery
Isn't pretty to you so you change your ways
To set you apart nazicanNow that you think
You're someone else nazican
Standing up for something
That doesn't make much sense nazicanIt's not something that's inherited nazican
It's something that's planted inside your fucking headIt's not something that's inherited nazican
It's something that's planted inside your fucking head
