

# Eat Your Heart Out

## DIO

It's been a long hot road I've been upon  
Through the desert of your soul  
I've looked high and low for water  
But it's not thereAll the promises of springtime  
Turned to lies, so cold  
But I'm stronger than you know  
And I've come to let you go[Chorus]  
Go eat your heart out  
You've been a bad, bad girl  
You've been hungry all of your life  
So eat it outI've been a prisoner just locked away  
Inside your velvet jail  
But it don't matter at all  
Some things can grow without the lightSpinning cages for her pleasure  
Weaving chains to hold the prize  
Magic moments with the jailer  
All on fire, and then he dies[Chorus]Speed across emotions  
And then we lose our hold  
We move on wings of passion  
That we can't controlIt's been a long hot road I've been upon  
Through the desert of your soul  
I've looked high and low for water  
But it's not thereAll the promises of springtime  
Turned to lies, so cold  
But I'm stronger than you know  
And I've come to let you go
