

A Train to Nowhere (Completely Remixed Version)

Bad Boys Blue

A train to nowhere
I walk around and I tried to hide
Close your eyes, they're telling me good-bye I drive my car, hear the radio
Playing songs that go round and around in my mind Why can't you believe that I'm right?
Why can't you realize there are feelings inside A train to nowhere that we are riding
We're riding over and over again
A train to nowhere And we are gliding
A way that never may happen again
A train to nowhere So late at night when I want you home
You said no
I would like to stay alone What have I done that you turn this way
What has happened to us
Now our love has gone Why don't you believe in your heart
Why don't you agree to say sorry and hark A train to nowhere that we are riding
We're riding over and over again
A train to nowhere And we are gliding
A way that never may happen again
A train to nowhere Why don't you believe in your heart?
Why don't you agree to say sorry and hark A train to nowhere that we are riding
We're riding over and over again
A train to nowhere And we are gliding
A way that never may happen again
A train to nowhere
