

Flashy

True

(Chorus)

When you wanna get away,
Go For The Vacay,

When you wanna get away,
Go For The Vacay,
you can trip, trip,

I'll burn a grip, grip, grip
you can trip, trip,

I'll burn a grip, grip, grip(Verse)
up for any celebration,
in caliber and calibration,

constant stream with rotation,

beaming satellites to the next space station,

hotel stopping,

bar hopping,

party popping,

keep it bobbing,

we be bragging about jet lagging,

call me a bell hop,

bring my bags in,

empty out my mini bar,

fucked up my rental car,

out all night till the sunshine,

shades on my face and were still seeing stars(hook)

girl you should have been there,

girl you should have been there,

girl you should have been there,

any where in the world you should have been there,

(chorus)

When you wanna get away,
Go For The Vacay,

When you wanna get away,
Go For The Vacay,
you can trip, trip,

I'll burn a grip, grip, grip
you can trip, trip,

I'll burn a grip, grip, grip(Verse)

Chug a lug,

in a floating slug bug,

I can get you in with your ugly pair of uggs,
smosh on my jammy jams,
with your party clams,
peanut butter jelly the Volcom trans AM,
we don't need a teach,
find your beach,
and create your niche,
bikini for each,
lock in my speech,
rippers like me keep 'em in reach,
fat dubs at even bigger night clubs,
sipping suds in giant tubs,
sun bathing on a boat,
with a baby oil coat(hook)
girl you should have been there,
girl you should have been there,
girl you should have been there,
any where in the world you should have been there,

(chorus)

When you wanna get away,
Go For The Vacay,
When you wanna get away,
Go For The Vacay,
you can trip, trip,
I'll burn a grip, grip, grip
you can trip, trip,
I'll burn a grip, grip, grip(Bridge)
Whats up baby girl?
Cant get you off my mind
When do you wanna come hang out with me?
I know I got what you need
I can take you anywhere,
I can show you the world
Just relax,
everything will be okay(chorus)
When you wanna get away,
Go For The Vacay,
When you wanna get away,
Go For The Vacay,
you can trip, trip,
I'll burn a grip, grip, grip
you can trip, trip,
I'll burn a grip, grip, grip
