

# This Bitter Pill

## Dashboard Confessional

Walking away, it's not the same as running  
Is it to you now that you've run this in the ground?  
And you say, "Take this, this medicine is just what you deserve"  
Swallow, choke, and die And this bitter pill is leaving you with such an angry mouth  
One that's void of all discretion such an awful tearing sound  
With it's measure only equal by the power of my stare  
Glaring over you and over you  
This feeling of despair is never wearing out It's wearing off and it's leaving you with such a heavy heart  
And a head to match the bottle is waiting  
The cap is twisted begging to be used and so are you And this bitter pill is leaving you with such an angry mouth  
One that's void of all discretion such an awful tearing sound  
With it's measure only equal by the power of my stare  
Glaring over you and over you this feeling of despair is never wearing out  
Wearing out, wearing out, wearing out, wearing out, wearing out
