

# Towner

## Spoon

Well say-a-a-hey, could you come through  
Did you feel good, well it felt good  
And it looked like maybe you could settle in  
Did you think that was dead?  
Did you feel good, well it felt good,  
And it looked like maybe you could settle in  
And say-a-a-hey, did you get tired

Did you feel the, all of the compression, did you look off around

So in

Did you feel good, well it felt good,  
And it looked like maybe you could settle in  
Quick with the terrain  
Quick at the terrain  
Quick with the terrain
