

Goodbye

Hil St. Soul

My o my...I'm all by myself again
feels just like
i'm drifting on the sea of loneliness
Tho the storm has died down
Your wave still reverberates
I gotta flow with the tide
or
Risk getting swept away.....

So I...
Wish you the best for the future
I do
As I head toward
The shore of a new life.

Chorus:

Goodbye lover,
farewell friend.
Hope that you'll
be happy with
with what you got
hope that it's all worth it
in the end.
Goodbye lover,
farewell friend.
Hope that you'll
be happy with
what you got
This is where
the story ends.

I realize that
We gotta go through the motions
But I don't wanna be a prisoner of my past emotions.
I gotta find my way out of the darkness
Out of this abyss
Lay old feelings to rest
And start all over again.
Cuz I....

don't want to fall any deeper
So I ...
gotta let go and move on.

Goodbye lover
Farewell friend
Hope that
you'll be happy
with what you got
Hope that its
all worth it
in the end.
Goodbye lover
Farewell friend
Hope that
you'll be
happy with what you got
This is where the story ends

My pain is raw
Got scars to show
My eyes are sore
I've cried an
ocean over you.
Just waiting for
My heart to pour
The pain will go
I'm slowly getting over you!

Chorus
