Kiss You All Over, Baby (New Version)

Bad Boys Blue

Girl, we can take off in the night.
Girl, like two lovers. Joined in flight.
You know what is best for me, it's time to let it show.
Thrill me and let my body know.And I kiss you all over baby, all through the night.
Kiss you all over baby, make you feel alright.
Let yourself go freely girl, and we soon will reach the sky.
And when I kiss you all over baby.
I'll make you mine. Mine. Mine.Love. There is magic in my hand. Love.
Gonna give you all I can. You know how to ride my love.
You have the special way.
Bless me with your touch by night and day.
