Jaguar God

Mastodon

I ain't no good
And I live by the woods
They say I ain't bad
I'm the best that I've had
And I know it ain't right
But I'll fight my whole life
Just to prove that I was right
The day it went down
I was out on my pad
Not feelin' so bad
I'm a suspect now
I'm a vagabond tramp
Living out on a limb
I live by the woods
They say I ain't bad
I'm the best that I've had
And I know it ain't right
But I'll fight my whole life
Just to prove that i was rightTerrestrial fire ascending from underground
Godspeed divine
So we control the mound
Shape shifter, spirits whisper
Guide me through this black sorceryFlashing teeth, aggressive tendencies
Cloaked beneath, silver redeemsSmoke and mirrors, black obsidian
Tell us where to find the marrowThe prophecy will be realized
Lord of the near and the nigh
Possessor of earth and skyGuard your temples from destruction
Make sure no one goes insideIt's right in front of me
The throne of maladies
It's right in front of me
Your malignancy
