

Xerces (Live in Santiago, Chile)

Deftones

Universe surrounds
When you're ready
It waits
For us to
To leave this earth
Come on, they're calling your name
Out I don't know
I could stay or leave
Right away
Cause the comet can take us
All the way through Goodbye
Say Heaven
Know no one
I'll be waving
Goodbye
Say Heaven
Know no one
I'll be waving Goodbye
Reason to see
Everything looks the same
I don't know
If the change made was great
Cause the craving remains the same Goodbye
Say Heaven
Know no one
I'll be waving
Goodbye
Say Heaven
Know no one I'll be waving
Goodbye
