Not Mine to Love

Slow Club

You say you'll leave her If I'd like
You say you're confused but you look fine
I see the booze fill up your eyes
And now there's water out of mine
And it makes you blurry
It makes you blurryI've got a lover who does me good
He flips me over like you never would
But when the night falls
It's you I long for
But you will never be easily with me
And I'm making it hard for you to live the life you choose
And I will always try to have you by my side
But your hand I don't touch
It's not mine to loveI make you nervous but you don't shake
And I'm making plans that aren't mine to make
And when we're laughing I do feel free
And I don't panic with you beside me
But you make me hungry
When I don't need to beBut you will never be easily with me
And I'm making it hard for you to live the life you choose
And I will always try to have you by my side
I don't touch
It's not mine to love
But you will never be easily with me
And I'm making it hard for you to live the life you choose
And I will always try to have you by my side
But your hand I don't touch
It's not mine to love
