

Top Of The World

Trevor Jones & Randy Edelman

For a time I thought my faith, it must be hiding
Searching through the sky, hoping to find a way
 A way, to get me through the day
When where I belong, is this where I should stay?
 You lift me up when I am fallin'
 You're my friend when I was callin'
 Now I'm on top of the world
 Top of the whole wide world
 Yeah, you always been believin'
 Give my life a whole new meanin'
 Now I'm on top of the world
 Top of the whole wide world
There's a strength in me, it seems I have forgotten
Now I realize today, I'm starting to dream again
 Again, was a matter of when
I guess we all lose our way now and then
 You lift me up when I am fallin'
 You're my friend when I was callin'
 Now I'm on top of the world
 Top of the whole wide world
 Yeah, you always been believin'
 Give my life a whole new meanin'
 Now I'm on top of the world
 Top of the whole wide world
You lift me up when I was fallin'
You lift me up when I was fallin'
 You lift me up when I am fallin'
 You're my friend when I was callin'
 Now I'm on top of the world
 Top of the whole wide world
 Yeah, you always been believin'
 Give my life a whole new meanin'
 Now I'm on top of the world
 Top of the whole wide world
 Yeah, you always been believin'
 Give my life a whole new meanin'
 Now I'm on top of the world
 Top of the whole wide world
 Always been believin'

Give my life a whole new meanin'
Now I'm on top of the world
Top of the whole wide world
Yeah
Top of the whole wide world
Yeah, you always been believin'
Give my life a whole new meanin'
Now I'm on top of the world
Top of the whole wide world
