

# Wake Up

## Petra

Words and music by Greg Hough and Bob Hartman  
I know that you been scheming  
Trying to run my head around  
But I know all about you girl  
You've been lost - But I've been found  
Woman don't you know  
You ain't gonna pull me down  
I told you 'bout a new way  
Of livin' life and having fun  
I told you 'bout the Spirit  
And walking in the light of the Son  
Woman don't you know  
I ain't gonna come undone  
I told you about Salvation  
But you don't seem to want no part  
You've been trying to take me  
You've been trying to steal my heart  
Woman don't you know  
I ain't gonna have no part
