

# Coffin Case

## Angry Samoans

Coffin Case - round & round  
Another body hit & found Coffin Case- Just for you  
Turn you into Elmer's glue Jump back - get down  
It's time to move He's black - downtown  
He's in the groove Get lost - Your cost  
You're such a joke The world keeps going round & round  
When your ash is up in smoke He's just like - "No excuse  
Your body has no use" Open up - Throw it in  
Since theres more waiting to begin Coffin Case - mind a playing  
Enjoy the Living dead Coffin Case!
