

Coolhead

Kelly Osbourne

I'm not here for you amusement
But I think one thing is clear
I see you with that bitch
When you know you should'a been here with me
With me, I'll keep a cool head
(Talkin' about you runnin' around)
'Bout all the things that you said
(Talkin' about you pulling me down)
I've lost my innocence
(Talkin' about the girl that you found)
I'll keep a cool head
(Talkin' about you runnin' around)
You've got a reputation
For being a ladies man
I've got determination
For thoroughly kicking your ass my friend
It's not cool
'Cause I hate all the things that you do
I'll keep a cool head
(Talkin' about you runnin' around)
'Bout all the things that you said
(Talkin' about you pulling me down)
I've lost my innocence
(Talkin' about the girl that you found)
But I'll keep a cool head
(Talkin' about you runnin' around)
No matter what you say to make me stay
I will make you pay
No matter what my gut tells me to say
I'm playing the game
I'm gonna pop, I'm gonna pop, I'm gonna pop
No matter what you say to make me stay
You're gonna pay
(I'm gonna pop)
(Talkin' about you runnin' around)
I'll keep a cool head
(Talkin' about you runnin' around)
'Bout all the things that you said
(Talkin' about you pulling me down)
I've lost my innocence
(Talkin' about the girl that you found)
But I'll keep a cool head
(Talkin' about you runnin' around)
I'll keep a cool head
(Talkin' about you runnin' around)
I'm wanna make you pay
(Talkin' about you pulling me down)

And all your promises
(Tryin to keep my feet on the ground)
But I'll keep a cool head
(Talkin' about you runnin' around)I'll keep a cool head
(Talkin' about you runnin' around)
I'll keep a cool head
(Talkin' about you runnin' around)
I'll keep a cool head
(Talkin' about you runnin' around)
I'll keep a cool head
(Talkin' about you runnin' around)
