

# Sinner Man

Ijahman Levi

Sinner Man  
I see you dwelling with the living  
Jah children  
I was there and number one of them  
Let me get out of this a city  
Surrounded with wealth and misery  
I've got to get out I beg you Father  
Before this reality visions of fire Sinner Man  
I see you dwelling with the living  
Jah children  
While you a aiming  
I'm sending out the warning  
I've got to get out of this crowded city  
Oh Jah before cometh the hotter bottle I'm living my life for one and only  
This life that I live is really my own  
If I'm gonna be a substistute  
If I'm gonna be use Zion is my home Sinner Man  
Stop look and live  
Your sending losing souls moulding hole  
Sinner Man stop listen and live  
Lets live. Lets live Sinner Man
