

Beyond Salvation

Kataklysm

I am beyond salvation
I am beyond redemption
I am beyond the ones you heal, you killI am beyond salvation
I am beyond redemption
I am beyond the ones you heal, you killAnd I've entered the light
Just to fall in darkness
You've taken it all from me
And because of you I cease to existI've been forsaken
Deep inside the core of my mind
I fall from heavenI am beyond salvation
I am beyond redemption
I am beyond the ones you heal, you killI am beyond salvation
I am beyond redemption
I am beyond the ones you heal, you killMurder, murder, you killed my soul
And now your searching for more
Murder, murder, you killed my soul
And now you're searching for more, you're searching for moreYou burned me inside
You left me to die
You thought it was over for me, for me
But I will rise againI've been forsaken
Deep inside the core of my mind
I fall from heavenI am beyond salvation
I am beyond redemption
I am beyond the ones you heal, you killI am beyond salvation
I am beyond redemption
I am beyond the ones you heal, you killMurder, murder, you killed my soul
And now your searching for more
Murder, murder, you killed my soul
And now you're searching for more
