

I Found Love (Cindy's Song)

Bebe & Cece Winans

Mmm,
When I found you, I found somebody who cares
When I found you, found my most intimate prayer
When I found you, I found what every heart dreams of
When I found you, I found love When I found you I found the rest of my life
When I found you I told all others good-bye
When I found you I saw my fears fly away like a dove
When I found you I found love (mmm) I know true love sounds crazy (sounds crazy)
But worth waiting for
You are the one, my only (my only)
Forever more When I found you I found my fate in your arms
When I found you I found no cause for alarm
When I found you I knew this love was a gift from above
When I found love, yeah, yeah yeah I know true love sounds crazy (sounds crazy)
But worth waiting for
You are the one, my only (my only)
Forever more (forever more) When I found you I found the skylar with style
When I found you, found one more reason to smile
When I found you I knew I finally found enough
When I found you I found love
When I found you I found love
When I found you I found love I found love
I found love
