

# Sweetie Pie

**Dionne Warwick**

Sweetie pie, don't you ever make me cry  
Do your best not to tell me no more lies  
You've been lovin' me so doggone good  
And I'm lettin' you know it's understood  
And I love you, sweetie pie,  
You're like the morning rain  
So fresh and new, and I'll say it again  
And I love you, sweetie pie  
You're like the morning rain  
So fresh and new, and I'll say it again,  
and I'll say it again...

Sweetie pie, won't you come and live with me  
Fill my hopes, my dreams, my fantasies  
I've got so much love you won't believe  
Yes, I know my heart is on my sleeve
