

Cash Cowbell

A Static Lullaby

the cash cow is feeding us
someone we dont know is buying us
and we are temporarydo you, want to feel
like the knife is in you?
(like the knife is in you)cant complain, cant complain, cant complain
we have nothing left to lose
before we sleep together
(before we sleep together)maybe, a bullet or saint
and i guess were sent for motion
with conductivity wholedo you, want to feel
like the knife is in you?
(like the knife is in you)
do you, want to feel
a sleep soundly propostion?
(a sleep soundly propostion)cant complain, cant complain, cant complain
im debonair, im debonair, so debonair
cant complain, cant complain, cant complain
im debonair, im debonair, so debonairwe are temporary
(we're temporary)
temporarydo you, want to feel
(do you want to)
like the knife is in you?
(like the knife is in you)
do you, want to feel
(do you, want to)
a sleep soundly propostion?
(a sleep soundly propostion)
