

Empathy

Gamma Ray

As the days grow colder now
And everything is lost
A vision forms of better men
Rising from the cross Never held the key to life
Finally their loss
Rising from the emptiness
And all that ever was The battle rages on 'til now
Many men were lost
Dried into an empty shell
Nailed onto the cross As I lie awake by now
Having never loved
Heaven sent for all of us
So painful our loss In the eyes of the world, a believer
But I'm sure they are turning away Takes me down to a place below
Can't you see I'm falling?
Pain has come and the world will surely hide
In empathy And then the world's religious fools
Come knocking at your door
Mankind is not wiser now
I've heard it all before Still the mindless will hail the deceivers
And I'm sure they'll be turning away Takes me down to a place below
Can't you see I'm falling?
Pain has come and the world will surely hide
In empathy Takes me down to a place below
Can't you see I'm falling?
Pain has come and the world will surely hide Takes me down to a place below
Can't you see I'm falling?
Pain has come and the world will surely hide
In empathy Empathy, in empathy
(And the world will hide)
In empathy, in empathy
(And the world will hide) In empathy
(Yes, the world will hide)
In empathy
(The world will hide)
Empathy, empathy
