

# Perverse Suffering

## Cannibal Corpse

Lusting for eternal pain  
Begging to be tortured  
Agony brings relief  
I am insaneIndulging in self-mutilation  
To satisfy my need again  
The pain severe from severed veins  
Curing me of deprivation, pain I craveEuphoric state of butchery  
Reveling in gore and blood  
Pain I saveIgniting visions of the past  
Dismembered bodies never found  
Pain, I gaveDeranged by my deviance  
Savage goal to maim and kill  
Obsessed with my cruelty  
Vicious ways for me to dieSado-masochistic rage  
Horrific daze, reality  
Pleasure from sadistic intent  
Driven by my lust for painPunishment, my way of life  
Suffering intensifies sacrifice  
Brutal frenzy, no control  
Perverse actions gratifyWretched abnormality  
Condoning inhumanity, suicide  
Carnivorous abusiveness  
Boiling sawn-off testiclesAfflicted fate stricken to malignancy  
Lechery dominates my misery  
Tortured eternally, torment inside of me  
Disturbing impulses living in agonyRancid degenerate craving impalement  
Demented destiny, not fearing agony  
Excruciating hunger that I need to feed  
Soon to be slaughtered, dead maliciouslyTortured eternally, torment inside of me  
Disturbing impulses, living in agony  
Rancid degenerate craving impalement  
Demented destiny, not fearing agonyDeranged by my deviance  
Savage goal to maim and kill  
Obsessed with my cruelty  
Vicious ways for me to dieSado-masochistic rage  
Horrific daze, reality  
Pleasure from sadistic intent  
Driven by my lust for pain
