Revolution Baby (Bandit Rock rip)

Sonic Syndicate

Get the fuck up and do something, inspire the crowd
To set it off and make a difference, lock and load
And then I tattoo on my skin the names and faces I have seen
So when I die there'll be memories left of my lifeHave you ever thought that?Maybe there's nothing wrong with you
And it's the world that's dirty, scared and lonely
Baby, I'm gonna show you what to do
You have to shock the system revolutionAlways count on getting nothing when you are on your own
But when we walk these streets together they are paved with gold
And so I take the ink again and add your legend to my list
'Cause when I die, I want you to be on meWith this energy take the system downMaybe there's nothing wrong with you
And it's the world that's dirty, scared and lonely
Baby, I'm gonna show you what to do
You have to shock the system revolutionAnd it all came to life when I thought outside the lines
And it all came to life when I thought outside the linesMaybe there's nothing wrong with you
And it's the world that's dirty, scared and lonely
Baby, I'm gonna show you what to do
You have to shock the system revolutionMaybe there's nothing wrong with you
And it's the world that's dirty, scared and lonely
Baby, I'm gonna show you what to do
You have to shock the system revolutionMaybe there's nothing wrong with you
And it's the world that's dirty, scared and lonely
Baby, I'm gonna show you what to do
You have to shock the system revolutionRevolution, revolution, revolution, revolutionIt's getting harder to stand and further to fall
But if you take my hand we can take on the world
