

# Feel Alright

## Gratitude

So here we are now again  
I'm getting sick of this again  
Getting sick of all this waiting To be perfect and good  
And I'm scared of all my friends  
We're all not calling All our hopes are all our fears  
Letting go is love  
Hope we don't choke, hope we don't die  
Hope we all feel alright, feel alright Falling and it's supposed to be so fun  
But all I get is sick and numb  
And I'm barely breathing  
As all my fears descend  
But I'm not fallen, I'm not dead All our hopes are all our fears  
Letting go is love  
Hope we don't choke, hope we don't die  
Hope we all feel alright, feel alright, feel alright We are all so brave  
We are all so scared  
We are all afraid  
We're all not fallen, all not dead All our hopes, all our fears  
Letting go is love  
Hope we don't choke, hope we don't die  
Hope we all I said, all our hopes, all our fears  
Letting go is love  
Hope we don't choke, hope we don't die  
Hope we all feel alright  
Hope we all feel alright All our hopes, all our fears  
Letting go is love  
Hope we don't choke, hope we don't die  
Hope we all feel alright, alright
