

Don't You Wish You Were Me?

Chris Jericho

I see the way you look at me
You envy me and it's killing you,
And you know it makes me smile when I look in the mirror
Thinkin' how good it is to be king(Chorus:)
And don't you wish you were me?
The King of all you see
Don't you wish you were me?
It ain't that easy
Don't think you'll ever be,
Everything a man should be
Cause Don't you wish you were me?
Keep dreamin', you'll never be me Too soon, you'll be a memory
There for all to see, just illusion
And sometimes it makes me laugh when
I see your reaction
Knowing that I've become mighty CHORUS Inside my mind there is a freak
That drives me on past all defeat
You'll never have, you can't instill
The power of my iron will CHORUS
