## Ice Cube

(Ice Cube)

Heheheh!

You know what WestCoast niggas is gon' tell me?

This is too WestCoast!

(Chorus: Jigg sings (Ice Cube))

Doin' my own, own thang, thang  
And if you got a problem with' that,  
Then the Nina go bang, bang!  
Bang, bang! (yeah, bang!)  
And I be everywhere on the map!

(Bridge: Jigg sings (Ice Cube))

But I rep that West! - I rep that West!  
I rep that West! I rep that West! (uh-huh!)  
I rep that West! (c'mon!) - I rep that West!  
I rep that West! I rep that West! (turn it up!)

(Chorus)

(Bridge)

(Ice Cube)

Don't you know that I rep that; why you got to let that

Boy in the buildin' don't you know that

He about to kill 'em!

Don't you know that - he about to hurt y'all feelings

Can't find where am I as well play the villain?

I'm a get him! (get him!)

Why? Cause I can't baby sit him;

I'm a whip him! (whip him!)

Treat him like bad ass children.

Is it evil? - Y'all better call them people

How I get down - just ain't legal!

Money loong! - Sorta like Louis Vuitton

I run this shit right here - call me: "Marathon"!

BOOM! - I blow like a cherry bomb

You a small donation, bitch!

I'm a telethon!

WestCoast million, what is he really on?

Is it that shit, that niggas go silly on?  
Hell no, the pyroclastic flow is evident (Westside!)  
And y'all know what I represent!

(Chorus)

(Bridge)

(Ice Cube)

West! - I rep that dub! - I rep that S! - "I'm a monster!"  
WestSide, Lochness, I'm a problem!  
Matter fact I'm a mess, Los Angeles so scandalous  
South Central - home of so much potential!  
But if you go there the warfare is mental  
Bring your wheelchair - you probably gon' need it!  
Leave this motherfucker - a paraplegic  
Niggas around the world that think they wanna bang,  
Don't get your ass caught up like Lil' Wayne!  
I'm too WestCoast for the WestCoast  
Too Fresnos, to - Too and burritos!  
I'm down with Angelinos!  
Go downtown - and give a bum a C-note!  
This my town! - I run it! - You walk it!  
You just now learnin' the game - I taught it!

(Chorus)

(Bridge)

(Ice Cube)

And if you got a problem with this  
Let me know so I can add your fuckin' name on my list!  
All you WestCoast DJ's check your wrists  
If you skiddad the big fish to your playlist!  
Now - enemies of this industry, I'm a  
Hall of famer! - Treated like a stranger!  
Fuck that! Another WestCoast banger!  
Who gives a fuck if they play it in Virginia? !  
I'm a play it on Denker! - Play it Western  
All of Van Ness will make your head turn!  
Motherfuckers wanna take our style  
And run that shit - 3000 miles;  
Then rub your shit all in our face  
This a war show all at our place;  
Damn! Can a nigga get a lil ol' taste

Of some of that shine - it look like mine?

(Chorus)

(Bridge)

(Ice Cube)

Y'all know what it is!

Is this too WestCoast for you motherfuckers?

So what?
