

# All Mine

Kanye West

Yeah, you supermodel thick  
Damn, that ass bustin' out the bottom  
I'ma lose my mind in it, crazy that medulla oblongata  
Get to rubbin' on my line  
Get the genie out the bottle Fuck it up, fuck it up  
Pussy good, go and back it up  
Pipe her up, I'ma pipe her up  
Make her mine, I done fell in love  
Juicy thing, make that pussy say  
One more time, baby, do it big  
Make it cry, come, go hold this shit Yeah, you supermodel thick  
Damn, that ass bustin' out the bottom  
I'ma lose my mind in it  
Crazy that medulla oblongata  
Get to rubbin' on my lap  
Get the genie out the bottle  
If I pull up with a Kerry Washington  
That's gon' be an enormous scandal  
I could have Naomi Campbell  
And still might want me a Stormy Daniels  
Sometimes, you gotta back to boss up  
I call that taking Corey Gambles  
Find yourself up in the food court  
You might have to enjoy your sample  
All these thots on Christian Mingle  
Almost what got Tristan single  
If you don't ball like him or Kobe  
Guarantee that bitch gonna leave you  
Hey, time is extremely valuable  
And I prefer to waste it  
On girls that's basic  
That's just some Ye shit  
Right now let's do what we want  
Let's have a threesome with you and the blunt  
I love your titties  
'Cause they prove I can focus on two things at once  
Yeah, you supermodel thick  
Damn, that ass bustin' out the bottom  
I'ma lose my mind in it

Crazy that medulla oblongata  
Get to rubbin' on my lap  
Get the genie out the bottle  
Get the genie out the bottleLet me hit it raw like fuck the outcome  
Ay, none of us would be here without cum  
Ay, if it ain't all about the income  
Ay, let me see you go ahead and spend some  
Ay, if you driving round, here's some dri-fit  
Ay, I'ma think that you the type to dry snitch  
Hm, mhm, If I see you pull up with the three stripes  
Ay, ay, I'ma fuck around and make you my bitchYeah, you supermodel thick  
Damn, that ass bustin' out the bottom  
I'ma lose my mind in it  
Crazy that medulla oblongata  
Get to rubbin' on my lap  
Get the genie out the bottle  
Get the genie out the bottle
