

Under a Christmas Tree

Ric Hassani

Sunday morning rain is pouring
My hand in yours and yours in mine
I can't believe that you are with me
Cos I've been waiting my whole life
It might sound crazy
I feel like you were given to me
I feel like heaven sent a gift from the skies
But you won't believe me
You don't believe in Christmas stories
But I believe that Santa brought you into my life
So I say Oh my lady
You're my whole life
I feel like you came to me
Under a Christmas tree
I've been waiting
For the whole year
You finally came to me
Under a Christmas tree
Oh uuhhh

Under a Christmas tree Sunday morning rain is pouring
I lay beside you and watch you sleep
I'm in love but I'm still falling
Falling for you continuously
And it might sound crazy
I feel like you were given to me
I really feel like
Heaven sent a gift from the skies
Ohh UUhhh

And you won't believe me You don't believe in Christmas stories
But I believe that
Santa brought you into my life
My life So I say
Oh my lady
(Oh my lady)
You're my whole life
I feel like you came to me
Under a Christmas tree
I've been waiting
(I've been waiting)

For the whole year
You finally came to me
Under a Christmas tree
Ohhh uhhhhh
Under a Christmas tree For so many years you prayed for me
After all I did, you forgive
After all I did you still stayed with me
You still believe Oh my lady
You're my whole life
I feel like you came to me
Under a Christmas tree
I've been waiting
For the whole year
You finally came to me
Under a Christmas tree
Under a Christmas tree
Under a Christmas tree
