

Pornhub

I feedyoulead

I'm not the type to be in a relationship
Don't know how to love, but I love when they can take a dick
Social media, I'm in their DMs sending pics
Messaging bad bitches like "Let me see them tits!"
I don't start by saying "Hello", I send pics of my cock
Thinking they'll show me some pussy, but instead I get blocked
Horny all the time, yeah I got a very high libido
Looking for someone to suck me up like a mosquito
I can't be your man, babygirl I'm not the one
I'm just looking for some fun, just enough to make me cum
Reply if you want some, leave my children on your tongue
If your man don't hit it right, hit me up I'll get it done
So let's do it like we're on Pornhub
Switching positions, no kissing, smack your butt and bust a nut
So let's do it like we're on Pornhub
I'm a slut, you can keep your love, I just wanna fuck
After I smash, they tell me they're falling in love
I'm like "Girl, you might aswell put a toaster in your tub"
You're fucking up
We're supposed to be friends with benefits
Got no heart to give, but I can give you plenty dick
They get emotional and pouty, I say "Suck it up"
Like pussy, I'll take the relationship and fuck it up
Rather have freaks like Riley Reid on the side of me
Unzip my pants and gobble my meat like a fuckin' treat
Or better yet, a chick like Alexis Texas, feed her dick for breakfast
I love it when she cheat on her man, suck my dick while she text him
I like big booty MILFs like Lisa Ann and Maria Mills
Freaky bitches with OnlyFans accounts to help pay the bills
Abella Danger or Kimmy Granger stroke me with finger
Roleplay with her pussy, pretending she's fuckin' a stranger
I like chocolate tubes, Sarah Banks and Teanna Trump
Sometimes I jack off first so I can give them 3,000 pumps
Break a skinny bitch like Janice Griffith or Piper Perri
I bring some Nair to the function if the pussy is hairy
Big women can get it too, no I don't discriminate
Slap my dick on a plate, and they'll eat it like a dinner date
Maserati Monika and Bunny De La Cruz
Big bitches that'll eat you up like they got nothin' to lose

Happy ending massages from Katsumi and Jade Kush
Suck my dick with chopsticks, love me long time no rush
Teaching old bitches new tricks, then bring them to the party
Knock the dust off the pussies of Jewell and Nina Hartley
Got ADHD so I flick her with the wrist while I fidget
My dick look like a tower when I fuck midgets like Bridget
My waifu calls me Senpai, beat my meat to hentai
Jack off every day all alone, you'll think all my friends died
Fit my penis in your mouth like it was a burrito
I'm still watching Pornhub Premium while incognito
So let's do it like we're on Pornhub
Switching positions, no kissing, smack your butt and bust a nut
So let's do it like we're on Pornhub
I'm a slut, you can keep your love, I just wanna fuck
