If It Don't Fit (Don't Force It)

Parliament

If it don't fit, don't force it
(Don't force it, force it)
You go out of the room and ease on it
(Let love just ease on in)If it don't fit, don't force it
(Don't force it, force it)
Gonna fucking little help
It needs a chanceIf it don't fit, don't force it
(Don't force it, force it)
Mind control is what it's all about
(No, no, no)If it don't fit, don't force it
(Don't force it, force it)
Don't let your time and check it out
(Take your time and check it out)If you feel love is just right
Don't hesitate, let's get it on
But if you're gonna love me skinny tight, that's too tight
You can take your love and go onIf it don't fit, don't force it
Don't let your ego take you with it
If it don't fit, don't force it
Gonna get a little help
It needs a chanceIf it don't fit, don't force it
Mind control is what it's all about
If it don't fit, don't force it
Take your time to check it outIf it don't fit, don't force it
Just leave the little room, let it ease on in
If it don't fit, don't force it
Gonna get a little help
It needs a chance
