

Something's Come Over Me

Ernie Halter

I wanna make your laugh
Scratch your back
I wanna hold up our arm.
Make you feel like that
I wanna rock our boat.
I wanna let you know
Something's come over me

God knows, how hard it has been
How many tears you have cried
Over him.
Now I don't wanna, I don't wanna I don't wanna
To be there to shake your chain.
Be so vain.
Let my patience explain.

I wanna make your laugh
Scratch your back
I wanna hold up our arm.
Make you feel like that
I wanna rock your boat.
Baby, I wanna let you know
Something's come over me

Something's come over me
That's all I'm going through
One more day, in this life
I'm so messed up over you

I wanna make you laugh
Scratch your back
I wanna hold up your arms
Make you feel like that.
I wanna rock your boat
Baby, I wanna let you know.
Something's come over me.
Over me, baby

I wanna rock your boat
Baby, I wanna let you know

Something's come over me.

Over me
