

# Party Shaker

## R.I.O.

Yeah, yeah, yeah the party shaker  
Wake up, wake up  
People getting on  
gonna rock your body  
Stand up, stand up  
We're moving all the way to the top  
We flying high, so high  
To the sky  
And we land on the dance floor  
Right tonight  
We will blow this club wayChorus:  
From Rio to Jamaica  
We are the party shaker  
So welcome everybody  
Let's party tonight  
We'll sip until we're wasted  
They call us troublemakers  
But we just like to party  
And party tonight  
X 2  
oh ey oh oh ey oh  
oh ey oh oh ey ohBut we just like to party  
And party tonight  
All right, all right  
Love is in the air  
All lucky girls get naughty  
Tonight's the nightWe blinded by the disco lights  
We're flying high, so high  
To the sky  
Make it over the rainbow  
Right tonight  
We will blow this club wayChorusSo if you wanna dance  
The party never ends  
So people put your hands up  
Your hand,shake your body rock in dance  
Let's get ready to the party tonightSummer now  
we're gonna make a party  
Sip your drink  
everybody groove and dance

like oh, oh, oh  
And you know you're gonna want more  
take you all around the world,  
we're on tour  
Everybody get your ass upon the floorChorusOh ey oh, oh ey oh  
All of my people  
From Rio to Jamaica  
We're gonna rock your hands now  
Spread the word all over the world
