Butterfly Caught

Massive Attack vs. Mad Professor

We lust for honeysuckle
Strangers
Life's trawl pages
Pick thin thing
Tempted by the naked eye
Morning sunriseI want air
Need it like a supplicant
Darkened skin
Afraid to see
Radiate open lips
Keep smiling for meDarkened skin
Afraid to see
Radiate
Open lips
Keep smiling for meWe lust called honeysuckle
Let's get freckles
I can't take
Tranquilize
On my lips
Under your feet
