If Tha Mood

Esthero

Remember when we used to?
We can do that againI know I said, it was over
But if you ever wanna come over
I think I got what it takes
To make you feel niceBecause you gave yourself to another
But I suppose you haven't forgotten
What my love tastes likeShe won't fuck you like I do
And you know that it's true
'Cause I have what she hasn't got
And I remember all your spots soIf tha mood should hit you
And you wanna, baby, I don't mind
A little taste may relieve the tension
I feel inside, oh, I'm in tha moodCurl up in my cozy web
This unbelievably delicious bed
Oh, don't say no, that's not
How this should goI've thought about you often
This feeling hasn't gone rotten
Let's take a spin 'round
That old block again you sayShe won't fuck you like I did
She's not into that wild shit and
I have what she hasn't got
Really? Well, thenIf tha mood should hit you
And you wanna, baby, I don't mind
A little taste may relieve the tension, I feel insideOh, you know what things to do
To keep me wanting you
Also all the things to say
To keep me comin' your wayDue to the beauty preferred
It's hard for me to be true to my girl
Can't be trust wit you in my world
I'm glued to the kush, you heard?No gas, my tank's empty
I'm stuck in your town
The plan's to gently buckle you down
And fuck you, now, I wanna fuck you, nowOnly the truth is wit me
Now, I'm phenen to screw you swiftly
And I don't mean to be rude with tha lips B
I'm guessin' tha mood just hit meIf tha mood should hit you
And you wanna, baby, I don't mind
A little taste may relieve the tension, I feel insideIf tha mood should hit you
And you wanna, baby, I don't mind

A little taste may relieve the tension, I feel insideIf tha mood should hit you
And you wanna, baby, I don't mind
A little taste may relieve the tension, I feel insideIf tha mood should hit you
And you wanna, baby, I don't mind
