

Outrun the Sun (feat. Maad*Moiselle)

Madcon

When you shine so right,
All the ladies dressed like a Friday night,
Yeah, will you shine your lights?
That we all grow wings and it's all right!
Gee! And we are O.K.,
And everybody's out cause we all wanna play.
Hey, until we all play sound,
When the sun opens up saying enchante! We've been working hard, with go party even harder,
...my god, he's the queen of...
Let me ..the stars, but the moon...
Doing what we like it! Chorus:
We're gonna outrun the sun!
Hey! Dance like tomorrow is never coming!
Whenever we want, we want!
Oh, party like we can outrun the sun!...till the sun's down,
The way you shine he's never coming down.
No ...so we run down,
Hey...
When the sun's out, and you're all free
I feel the...of the world fading off me.
Cause the darkness killing him softly
...the sun is...Like I'm in the light, get my shoes, they speak Italian.
Not for the everyone is the D.J....the volume.
Let me...with the moon we're...
Doing what we like it daylight...Chorus:
We're gonna outrun the sun!
Hey! Dance like tomorrow is never coming!
Whenever we want, we want!
Oh, party like we can outrun the sun! Run, run, run, run!
We gonna miss it, can't miss it!
Run, run, run!
Gee! We need to make it in time,
Run, run, run!
You think I'm f*** around?
We gotta run, run, run, run!
In the middle of the darkest night
We need a night out!
Everybody coming to play,
I suddenly get there,

Everybody running away,
We let the sun shine.
Nobody's here to stay,
We outrun the sun!Chorus:
We're gonna outrun the sun!
Hey! Dance like tomorrow is never coming!
Whenever we want, we want!
Oh, party like we can outrun the sun!Let's go!
Let's go!
Let's go!
Oh, party like we get around the sun!
We gonna get in trouble,
Party till we see trouble!
Avoid the light of day, hey!
We gonna get in trouble,
Party till we see trouble!
Avoid the light of day, hey!
...party, baby!
I'll go where it takes me, takes me
As we outrun the sun!
