

# Tell Me What Ya Here For

## Fitz & The Tantrums

Get back time to kick it off  
Throw your head back honey  
Take your sweater off I said  
Now's the time for you to check your heart  
To keep from falling babe fly when the rhythm starts

Get down time to kick it off  
My bodies aching from emotion like my train of thought  
I said slow down lady what you tryin' to do  
She said the v-u-p-p-o go 'bout till thirty two  
She said said

Tell me what ya here for  
Tell me what ya here for

Saturday's child like a friday night  
She's getting naughty on a speaker about to loose her mind  
I said  
Cop comes to take her away all of a sudden he was shaking what his momma gave

I said hey now! Hey Now! Burnin' up the floor  
turn into an all night hang out  
turn it up some more

Yeah! Yeah! Yeah!

Hey Now! Hey Now! Burnin' up the floor  
I really want to hear you begging for more  
Tell me what ya here for

All this conversation standing at the wall (standing, standing)  
Stop your hesitation its time to let it go (shake it, shake it)  
Shake up all your reasons throw 'em out the door  
It's time you let me know

Tell me what ya here for  
Tell me what ya here for  
Tell me what ya here for  
Tell me what ya here for

(Oh! Oh! Electric)

(Oh! Oh! Electric)

(Oh! Oh! Electric)

All this conversation standing at the wall (standing, standing)

Stop your hesitation its time to let it go (shake it, shake it)

Shake up all your reasons throw em out the door

Its time you let me know

Tell me what ya here for

Tell me what ya here for

Tell me what ya here for

Tell me what ya here for

Tell me what ya here for

Tell me what ya here for

Tell me what ya here for

Tell me what ya here for

---
