Wasted In Jackson

Lauren Pritchard

Screen door slamming on Woodhaven, laughing
We better take cover
Careful, we're gonna get caught in the rain if you don't hurry
I got a vision of somewhereAnd I've seen places in this book I borrowed from my uncle
Stick around, stick around, all I hear is stick aroundBut everybody's wasted, I don't wanna waste in Jackson
Never gonna face it, no one wants a change in Jackson
But I'm wide awake now
Breaking out, breaking out, sorry townIt's like being stuck in Disneyland, it's perfect, ain't it?
But there's not a single good ride
I'm tired of playing cowboys and Indians with you
Nothing comes from nothing and there's so much nada here
Stick around, stick around, all I hear is stick aroundBut everybody's wasted, and I don't wanna waste in Jackson
Never gonna face it, no one wants a change in Jackson
But I'm wide awake now
Breaking out, breaking out, sorry townHell, I'll never take you with me
You just keep on trucking pretty
There's no use in coming for me
Stick around, stick around, all I hear is stick aroundBut everybody's wasted and I don't wanna waste in Jackson
Never gonna face it, no one wants a change in Jackson
But I'm wide awake now
Breaking out, breaking out, sorry townBreaking out, breaking out, sorry town
I'm breaking out, I'm sorry town
I'm breaking, I'm breaking out
I'm, I'm sorry town
