

Dragons

[Jimmy Nail](#)

The first time I saw you I realized at once
You were an angel in torment
How could I desert you? I vowed in that moment
Nothing in this world, or any other
Would ever threaten or hurt you Dragons rage outside your door
But I'm on my way to save you
Demons wage unholy war
But I'm on my way to save you The forces of darkness may mobilize
One hundred million demons
An army to keep you far from me Determined to stop me, they'll spend eternity
Regretting they ever crossed me
They'll suffer, believe me Dragons rage outside your door
But I'm on my way to save you
Demons wage unholy war
But I'm on my way to save you Dragons rage outside your door
But I'm on my way to save you
Demons wage unholy war
But I'm on my way to save you Dragons rage outside your door
But I'm on my way to save you
Demons wage unholy war
But I'm on my way to save you To save you, to save you
To save you, to save you
To save you, to save you
