

Spring Fever

[Elvis Presley](#)

A little bird, he told me so, he said come on, get on the go
Open your eyes the sky is full of butterflies
The blossoms on the trees stir up the honey bees
Spring makes my fever right spring feverSpring fever, Spring is here at last
Spring fever, my heart's beating fast
there is no doubt now love is in the air get up get out spring is everywhereWell if you feel the wanderlust, just
grab a car or hop a bus in every town around there,s excitment to be found don,t miss the joy of spring the
worlds in love aroundSpring fever comes to everyone
Spring fever, it's time for fun
Get up, get out spring is everywhere
