Swimming Suit

Tahiti 80

It's gonna cause you sorrow
It's gonna give you all you need
Forget about tomorrow
Don't dramatize the things you didIt quickly flows to the sea
So quickly you won't seeSo many things to face
And you're still in the wrong place
It's easy if you try
Don't emphasize the things insideIt quickly flows to the sea
So quickly you won't seeIt's time to say, goodbye
Put on your swimming suit
And then we will dive
