

# Swimming Suit

## Tahiti 80

It's gonna cause you sorrow  
It's gonna give you all you need  
Forget about tomorrow  
Don't dramatize the things you did  
It quickly flows to the sea  
So quickly you won't see  
So many things to face  
And you're still in the wrong place  
It's easy if you try  
Don't emphasize the things inside  
It quickly flows to the sea  
So quickly you won't see  
It's time to say, goodbye  
Put on your swimming suit  
And then we will dive
