Where Do We Go 2

Deborah Cox

Oh, what a plan, what a beautiful plan
But how it starts is not how it ends
Said we could chill without falling in love
You said it would work, but you were wrong
You were then wrong
I tried to escape, I tried to move on
Now I can't explain but I wanna stay
I gotta know, I gotta know
Where do we go from here?
Please don't let the road end here
'Cause I could not imagine
What would have been if we end this here
What if we never said
And what if we never had?
Would we regret not having
What could have been if we end this here?
Every kiss is like the first one
And the less I give the more I want some
I believe my own lie, I said this was enough
But my heart disagrees
I was wrong, yes, I was at wrong
I wanted to blame you but it was not your fault
Why I can't I explain, I wanna stay
I gotta know, I gotta know
And where do we go from here?
Please don't let the road end here
'Cause I could not imagine
What would have been if we end this here
What if we never said
And what if we never had?
Would we regret not having
What could have been if we end this here?
We breathe in the night but there's air in the day
We breathe on the weekend, but there's 5 other days
What kind of hurt is this
That won't even let me want to escape?
Where do we go from here?
Please don't let the road end here
'Cause I could not imagine

What would have been if we end this here
What if we never said
And what if we never had?
Would we regret not having
What could have been if we end this here?
Where do we go, go?
