Closer To Your Heart

Clannad

It's the same old story
When someone astounds you
The harder they come
Yes the harder they fall
Takin' it easy
No matter what people say
And time will heal all your troubles away(chorus)
I've got a notion
I might as well be closer to your heart
It's out in the open
I might as well be closer to your heartTossing and turning
And burning dreams across the night
(forever searching)
Silently waiting for such a long time
But will I know tomorrow
If you will be mine?(repeat chorus)
