

# Skin

## Sixx:A.M.

Paint yourself a picture  
Of what you wish you looked like  
Maybe then they just might  
Feel an ounce of your pain

Come into focus  
Step out of the shadows  
It's a losing battle  
There's no need to be ashamed

Cause they don't even know you  
All they see is scars  
They don't see the angel  
Living in your heart

Let them find the real you  
Buried deep within  
Let them know with all you've got  
That you are not your skin

Oh [X2]

When they start to judge you  
Show them your true colors  
And do onto others  
As you'd have done to you

Just rise above this  
Kill them with your kindness  
Ignorance is blindness  
They're the ones that stand to lose

'Cause they don't even know you  
All they see is scars  
They don't see the angel  
Living in your heart

Let them find the real you  
Buried deep within  
Let them know with all you got

That you are not your skin

OHHHHHHHHHHH

Well they don't even know you

All they see is scars

They don't see the angel

Living in your heart

Let them find the real you

Buried deep within

Let them know with all you've got

That you are not

That you are not your skin

Oh [X2]
